Subject: opt out for building permits

My name is sandy schlepp I live in Kootenai county in a home that was built before permits were required. This house is safe and home. I feel the opt out plan is the best solution for our county. Quit making criminals out of citizens working and paying taxes but living in homes with more individualism then the cracker box government approved rubber stamped structures. This is our right as an American to live in a private home. Please vote for the opt out plan. As far as protecting all of us in what we live in or on is not for anyone else to judge. What right does any one of us have to tell the other how to live as long as were not intruding on others.

Opt OUT Please.

Thank you Sandy Schlepp
