AUDIT FINDINGS

NARRATIVE

The audit of the District 1 JDC was conducted Feb 22-24, 2016 in Coeur d'Alene, Idaho. Present for the entire audit were myself, Administrator J.T.Taylor, Assistant Administrator Linda Hoss, and PREA Coordinator Eric Sheffield. The entire facility was toured first, then interviews with staff and residents were started. Various meetings were held during the visit as needed.

The facility has 28 line staff, 3 administrative staff, 3 clerical staff, 2 teachers, 2 maintenance staff, 1 nurse, 1 mental health clinician, and 1 chaplain. Of these, 15 staff were interviewed, representing approximately 50% of the total staff.

At the time of the audit, the facility had 14 residents. 10 were interviewed, which was well over 50% of their population.

One resident had recently reported abuse, and needed to be interviewed. As this resident was involved in a particularly high profile case, his public defender demanded to be in the room when the interview was conducted. At the end of the interview, I asked the attorney if he had anything that he wanted to add. He stated, "I have never been in a facility that I would rate as high as this place." He went on to say that he thought all staff were great and doing a great job.

DESCRIPTION OF FACILITY CHARACTERISTICS

The Juvenile Detention Center assures the safety and security of our community by detaining juvenile offenders and serves the counties of: Benewah, Boundary, Kootenai, and Shoshone.

Staff at the facility provide direct supervision and guidance to the residents through supportive encouragement and instruction. Staff assists juveniles in cultivating appropriate social, behavioral, and interpersonal skills useful in community living.

Within 24 hours of admission, JDC rules and expectations are explained. A "level system" comprised of four steps is implemented to give residents the opportunity to learn accountability. With each level increase, more responsibilities and privileges are acquired.

The facility provides multiple programs to the residents to encourage positive interpersonal development. Our local school district provides a school program with 2 full time teachers, so the residents can continue working toward their high school diploma. Other classes include: Physical Education, Life Skills, Anger Management and Faith based programming. The Detention Center can prove to be a positive learning experience for delinquent youth

The facility is a 54-bed facility, with an intake area, 3 wings, 2 dayrooms, detached gym/school area. Resident movement was observed to be smooth and orderly. Secure control room is responsible for security, monitoring doors, ingress and egress of all staff and visitors.
