

Violations

Why must all residents play a part in reporting violations?

It saves taxpayers money. Our rural systems assure a cost effective and environmentally safe garbage disposal option for rural county residents. Being alert helps regulate illegal dumping by commercial enterprises who are required to pay additional fees. It limits the use of non-county residents who do not pay Kootenai County's solid waste fees. It also helps control waste volume and save our County Landfill space.

If you see a violation, please report:

1. Type of automobile
2. License number and state
3. Type of material dumped
4. Time and date it occurred

To report a violation, please call Kootenai County Sheriff's Office: (208) 446-1300

Kootenai County Solid Waste

Rural Collection System

Open 8:00 am
to 5:00 pm Daily
Closed Major Holidays

Intention of Rural System

Kootenai County operates 13 rural residential sites for collection of household refuse. The intention of the rural sites is to provide service to those rural areas of the county that do not have private collection or other disposal facilities available locally. **The rural sites are NOT for disposal of any commercial waste.** The rural sites are only to be used by homeowners who have paid their Kootenai County residential solid waste fees, and only for use of general residential solid waste. Your cooperation in using the drop boxes as intended is appreciated.

Prohibited materials at rural sites include, but are not limited to: yard waste (greater than 3, 32-gallon cans or equivalent), tires, batteries, construction materials, appliances, furniture, carpet, large bulky items, liquid waste, wood or wood products, dead animals, petroleum products or any other hazardous materials.

No Salvaging allowed.
