- B. **Case No. MSP19-0003, MSP19-0003, Bedrock Commercial**, a request by BLR Materials, LLC, for preliminary approval of a 12-lot (for commercial/light industrial uses) Major Subdivision located on 60 acres in the Light Industrial zone. Historically, a portion of the parent parcel consisting of approximately 20-25 acres was utilized for mining activities. As a result, a 15-20 foot depression is located in the southern part of the property surrounded by earth berms. The existing gravel pit will be backfilled and graded for future construction of the shared infrastructure improvements such as interior roads and development of each lot. Each lot will be approximately 5.0 gross acres in size. Water service will be provided via a new on-site private system with the use of an existing well. Access to the subject parcel is via W. Bedrock Road, a private road. The Applicant intends to improve W. Bedrock Road to the Associated Highway District (AHD) standards in order for the off-site road to be turned over for maintenance purposes to the Post Falls Highway District. Furthermore, the Applicant will construct all interior roads to AHD standards and dedicate them to the public in the name of the Post Falls Highway District. The property is located within the shared tier of the Coordinated Area of City Impact of Cities of Hayden, Rathdrum and Post Falls.
