80	This information is provided by each of the districts listed. In order to calculate the difference in your voter approved contribution multiply your net taxable value listed for the year									
81	(which is found on your Assessment Notice or your tax bill) by the levy rate for the voter approved bond.									
82	For example in the table above we multiplied \$200,000 value by the 2019 total levy rate for School District 271 of 0.0019590010 for a resulting tax of \$391.80
