

Noxious Weed Workshop

Control your weeds naturally using insects!

9:00am - 1:00pm
September 9, 2022

Free Event!

Located in Hayden

**Idaho Pesticide
CEU Credits**

Kootenai County Noxious Weed Control is hosting a free noxious weed workshop. It will focus on biological control (insects eating weeds) of Spotted Knapweed and Leafy Spurge. Topics will include how to decide if bio-control is right for your property, how bio-control integrates with chemical and mechanical control, and more. Idaho licensed pesticide applicators will receive four recertification credits.
