DATE: September 18, 2025

RE: Purchase approval request for Motorola Solutions Inc.

This request is for approval to pay Motorola Solutions \$87,676.86 for radios to be included in upfitting the new trucks. Purchase of the trucks and upfitting was approved by the Board on May 6, 2025, and the "C" budget in Fund 30 was amended for the purchase.

The Airport has taken possession of the trucks, and the Airport is moving forward with upfitting on the trucks. The radios have been delivered to the Airport and will be installed prior to truck utilization on the airfield.
